**March 29  
2008**

**2:00—5:00 PM**

The Iosco Sportsman's Club will sponsor an introductory course in the discipline of Black Powder shooting from 2:00 to approximately 5:00 pm on Saturday, March 29, 2008.

The course will cover a short history of black powder weapons, the various types of black powder guns, propellants, projectiles and accessories, how to load and clean and what to look for when shopping for black powder equipment. We will also cover the unique challenges that muzzleloaders present to range safety and how the range rules will deal with those challenges. Black powder experience or equipment is not required.

The fee for the course is \$10 for both members and non-members. The range will be available (members free, non-members \$5/gun) but the course does not include range time. Children ages 12 and older are welcome.

The ISC will sponsor six black powder shooting events in addition to this course in 2008. The dates, fees and details will be announced. Your suggestions are requested.
