East Tawas, MI 48730**

Happy New Year 2012

January is traditionally a time to look to the future, make resolutions and hopefully to improve our own personal lives and the relationships with those around us. We all shared a common goal and commitment toward promoting and enjoying the shooting sports when we first joined this Club. Whether that sport involves pistols, rifles or shotguns we are all here for the same purpose. All of these different activities enhance our Club, attract new members and allow us to continue to grow into a premier shooting organization that we all may be proud of.

As we look forward to the 2012 shooting season we will be greeted with many new and challenging opportunities. The new Trap/Skeet and 5-stand shotgun ranges will be off to a very good start thanks to the dedication and hard work of all the members who volunteered, worked, sweated and gave freely of their time as well as money to make this happen. I thank every one of you for an addition to our Club that we can all enjoy.

The new 600 yard range will offer many opportunities. We have already received several accolades and recognition for this facility. Shooting at this distance is a very challenging task that tests your equipment, abilities and dedication to accuracy. Ranges of this shooting distance are limited in Michigan and we should continue to see ours grow due to the outstanding program that our volunteer members are conducting.

Our pistol shooting events are continuing to evolve, improve and grow more popular as well. This spring the IDPA group will be installing their covered roof to provide some much needed shade and protection during their shooting events. Please plan on helping out when construction begins to make this happen. Last Fall we became aware of potential safety concerns on our Bowling Pin and Falling Plate shooting activities. There will be some new construction on these areas as well to make the necessary improvements so these events can continue.

Our Public shooting on the weekends are crucial to our success and survival as a Club. Please take the opportunity to spend some time and man the desk this year. I would also invite every member to participate in as many Club activities as you can this coming year.

Help make 2012 a success! Andy Taber, President
